

REPTILES

TESTADINIDAE

Leopard Tortoise *Geochelone pardalis*
One at the entrance to Tarangire NP.

PELOMEDUSIDAE

Helmeted Terrapin *Pelomedusa subrufa*
One in Lake Manyara NP.

GEKKONIDAE

Common House Gecko *Hemidactylus mabouia*
Seen at several localities.

SCINSIDAE

Tree Skink *Mabuya planifrons*
One in a shrub within ground-water
forest in Lake Manyara NP.

Striped Skink *Mabuya striata*
Speke Bay Lodge grounds; Nduu
Lodge grounds and Ngorongoro
Crater.

Southern Long-tailed Skink *Mabuya megalura*
One seen well in semi-arid scrub country on the South Pare Plains.

Great Plated Lizard *Gerrhosaurus major*
Well spotted by our driver within Mikumi NP.

AGAMIDAE

Red-headed Rock Agama *Agama agama*
Several in the Ndotu area.

Mwanza Flat-headed Agama *Agama mwanzae*
Common throughout its range, we first saw this impressive beast at our lunch site on the shores of Lake Victoria.

CHAMAELEONTIDAE

Flap-necked Chameleon *Chamaeleo dilepis*
Thanks to the folks at Ndotu Lodge we enjoyed fabulous close views of this wonderful beast.

Usumbara Two-horned Chameleon *Chamaeleo fischeri* Fantastic encounters with several of these magnificent beast in the gardens of Mueller's Lodge, 1700m asl, West Usambara.

VARANIDAE

Nile Monitor *Varanus niloticus*
Two in Lake Manyara NP.

CROCCODILIDAE

Nile Crocodile *Crocodylus niloticus*
One at Speke Bay on the shores of Lake Victoria and another in the western
corridor of the Serengeti.
